

Accept Card Payments Anywhere

Enable Commerce-on-the-go

A True Mobile Point-of-Sale Right on Your Phone or Tablet!

Expand your sales, revenue, and business

How can on-the-go-commerce help you grow your business? Consider some of these ideas: Delivery, Catering, Mall kiosk, Outdoor market vendors, Personal shopping assistance, field Service Providers and Invoicing replacement

EMV Chip Card Reader

Rugged and secure EMV card reader that connects via the audio jack port or adapter on your iOS or Android Device.

Customize and Manage Your Business

Log into the Merchant Dashboard to manage and edit your inventory, customize receipts, add tip options, and see what's selling with real-time reporting.

Use a standard smart phone you already own

You don't need to buy any additional equipment. Use your existing smartphone and tablet, plug in the reader and start accepting payments.
